- ◆ Check your registration status online to make sure you're ready to vote.

- ◆ Voter registration applications in multiple languages are available online to download, print and mail in to the Secretary of State's office.
- ◆ You can register on Election Day if needed - allow extra time and make sure you have the required identification and address information
- ◆ Website tools relating to registration are at: vote.minneapolismn.gov/voters/register

Step 2: Find where to vote

- ◆ If you're voting on Election Day, you must vote in your assigned polling place, based on your address - look it up online in the Polling Place finder.
- ◆ If you are not able to get to your polling place on Election Day, you can vote absentee.
- ◆ Request an absentee ballot by mail by downloading and sending in the absentee ballot application online, or vote absentee in person at City Hall beginning September 20.
- ◆ You can follow the status of an absentee ballot requested by mail online .
- ◆ Website tools relating to finding your polling place are at: vote.minneapolismn.gov/voters/where-to-vote
- ◆ Website tools relating to absentee voting are at: vote.minneapolismn.gov/voters/absentee

Step 3: Cast your ballot

- ◆ Complete your absentee ballot or fill out your ballot in the polling place.
- ◆ Ranked Choice Voting allows you to rank up to three candidates in each office, so make your first, second, and third choices in each column on the ballot. It is okay to rank one, two, or three candidates in each office.
- ◆ If you need help completing your ballot you have options - you can vote absentee before Election Day, you can bring a person of your choosing to the polling place to help you, two election judges can assist, or you can use a ballot marking device called the Auto MARK. The Auto MARK will read the ballot to you and allow you to indicate your choices, then complete your ballot for you according to those choices.
